

- Are you undecided whether university is the right choice for you?
 - Would a head start on the career ladder, whilst working towards professional qualifications, be a better path?
-if so, read about our exciting Apprenticeship opportunity below!

Who are we?

Profile Underwriting are a commercial insurance underwriting company based at Skyline 120 Business Park, Great Notley. Established in 2015, we are a young and expanding company, currently employing 10 staff within our Essex and Manchester offices. See www.profileunderwriting.co.uk for more details.

Why insurance?

Insurance is a global industry with strong foundations in the UK, increasingly driven by the advent of new technologies. It is a rapidly evolving and fast paced career, with the chance to develop your people skills, analysis of data and customer interaction.

Being an Underwriter specifically involves the '*measure and pricing of risk*', however, it also opens doors to other lucrative job roles including: Loss Adjustor, Insurance Broker, Reinsurer or Business Development Manager.

The Opportunity:

We have an excellent opportunity, starting in Summer 2020, for an enthusiastic and ambitious individual to join the Profile team as a Trainee Assistant Underwriter within our Apprenticeship scheme.

All our Apprenticeship roles are permanent positions which means we invest in your long-term future from day one. Once you have completed your 18-24 month Apprenticeship, your training and development doesn't stop there. You will continue to grow your career within Profile as well as having the opportunity to continue your studies for the CII qualifications by moving onto the Level 4 Apprenticeship.

Our 18-24 month Level 3 Insurance Apprentice Programme will provide you with the communication and client facing skills for a long running career in underwriting as well supporting you through the Cert CII qualification.

Testimonial:

Louis attended Notley High School and commenced the Apprenticeship scheme with Profile Underwriting in August 2018, straight after his A-Levels. This month he passed his last CII exam becoming Cert CII qualified and is in the final stages of sign off to complete his Level 3 - Insurance Practitioner Apprenticeship.

"I wanted to gain professional experience whilst learning, university wasn't the right choice for me. So when I discovered this opportunity close to home it just made sense. The team here are really supportive and I am amazed when I look back at how much I have developed over the last 18 months. It has boosted my confidence greatly and I am looking forward to continuing my insurance career and the next level of study."

I'm interested, how do I submit an application?

If you: live within the Essex area, will have completed your A-levels (or equivalent) this summer, and feel this is an opportunity for you, please send your CV and a brief covering letter to: careers@profileunderwriting.co.uk
